**Cars:** B

## PROJECTS

---

### Aurora2222

Aurora2222, currently located at [aurora2222.ilicfilip.com](http://aurora2222.ilicfilip.com), is a custom-built web project showcasing an elegant combination of modern web development and animations. The entire site is crafted using HTML, CSS, and JavaScript, with custom code meticulously designed to ensure a seamless and engaging user experience.

The project leverages GSAP to create smooth, dynamic animations that enhance the site's interactivity and visual appeal. The animations play a key role in making the user journey feel fluid, adding life to every scroll and click.

Aurora2222 serves as a demonstration of both technical skill and creativity, combining a clean aesthetic with powerful web technologies to create an impressive and responsive web experience.
